

TIGRIS

Visit to KU Leuven – March 9 – March 13

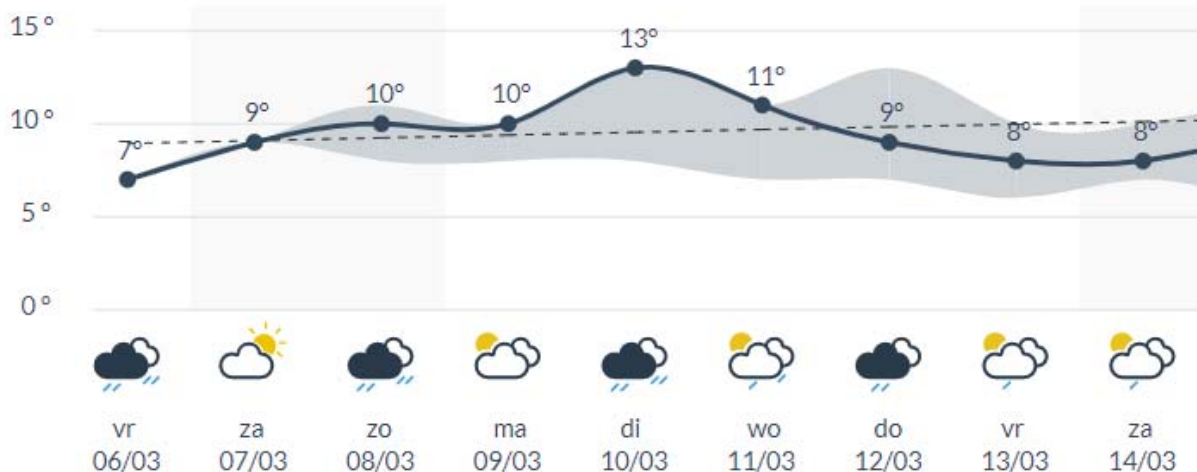

General Information

KU Leuven

KU Leuven is dedicated to education and research in nearly all fields. Its fifteen faculties offer education, while research activities are organized by the departments and research groups. These faculties and departments, in turn, are clustered into three groups: Humanities and Social Sciences, Science, Engineering and Technology (SET), and Biomedical Sciences. Each of these groups has a doctoral school for its doctoral training programmes.

KU Leuven boasts fourteen campuses, spread across 10 cities in Flanders.

Weather forecast

Corona-Virus

At the moment, there is no reason not to come to Leuven.

Basic measures, such as washing your hands, suffice.

The situation is evaluated daily. Should there be any reason to change plans, we will communicate this immediately.
